Full Job Description

Who are Permal?

Permal is an expanding company, and due to this we are creating over 80 new job opportunities at our site in the heart of Gloucester in 2022. This exciting new phase of expansion means we are looking for talented skilled and semi-skilled individuals from Gloucester and surrounding areas to join us and help us manufacture award winning advanced materials.

Since 1937 Permal have pushed the boundaries of material technology, solved challenging problems and, above all, kept people safe. Our advance materials are used across the world and across multiple industries. We've protected the Royal Navy and safeguarded Underground passengers. We've shielded NATO military convoys and reinforced commercial airline cockpits. Our dedication to precision and performance is constant whether providing the NHS with vital supplies in a crisis or making mission-critical materials for NASA. Decades of experience have taken us from helping the Spitfire to soar to keeping every F1 team on track. We've always risen to the challenge.

The Role

As a Manufacturing Operative, your role is the timely manufacture or assembly of components to meet the requirements of the production schedule as directed by the Production Team Leader, following the relevant drawings and process documentation, and to ensure that the requirements of Health and Safety, Quality, Cost and Delivery Schedule Adherence are met and maintained.

This role is on shift pattern - 6.00 AM to 2.00 PM and 2.00 PM to 10.00 PM, with earlier finish of Friday. Shift allowance is 12.5% on double days.

Benefits

- 34 days of annual leave, including Bank Holidays
- 3% Employer Pension Contribution
- Income protection scheme
- Private medical cover

Required Skills

- Able to understand and follow all relevant Health and Safety requirements.
- Manufacture and/or assemble parts using defined drawings and process documentation.
- Verify dimensions using measuring equipment.
- Maintain a safe, clean working environment.
- Fill in documentation with relevant information.
- Complete tasks in an efficient and timely manner.
- Be quality focused and maintain high quality standards.
- Able to work as part of a team.
- Competent use of hand tools and measuring equipment.
- Monitor relevant machinery as required.
- Provide feedback to the Team Leader on issues and concerns arising, along with potential solutions.
- Able to read and write in English.

Background and experience:

- Hands on experience, firmly grounded in a production or manufacturing environment.
- Able to read and understand technical drawings.
- Good attention to detail.
- Able to follow written and verbal instructions.
- A flexible and proactive 'can do' attitude.
- Able to use basic measuring equipment.
- Able to use various hand tools.
- Physically fit.
- Good timekeeping.

Responsibilities

Ensure any activities you carry out are done with Health and Safety criteria at the forefront. Maintain and Meet production and quality criteria daily, whilst ensuring documentation is completed accurately.

Skills & Abilities

Good communication and numeracy skills and can be proactive and flexible.

Permali is a part of the Diamorph Group
